

# **MATERIAL SAFETY DATA**

weber.color classic

EDITION: 2 DATE: January 2010

#### 1. PRODUCT

NAME: weber.color classic

#### **Chemical Nature**

Odourless powder containing granular material, which is soluble in water. With water, they become joint filling grouts for ceramic tiles, clay tiles, marble and natural stone tiling

#### Manufacturer

Saint-Gobain Weber Co., Ltd. Gypsum Metropolitan Tower 14<sup>th</sup> Floor 539/2 Si-Ayutthaya Road, Thanonphayathai, Ratchathewi, Bangkok 10400 Thailand

EMERGENCY TELEPHONE NUMBER. +662 245 8777

#### 2. COMPOSITION

Consists of a polymer modified mixture of silica flour, hydraulic cement, (Portland Cement, C.A.S. No. 65997-15-1), and small quantities of organic additives.

#### 3. HAZARDS IDENTIFICATION

When mixed with water or on contact of powder with body fluids, produces a strongly alkaline solution. This may cause serious burns and ulceration both to the skin and eyes. Until set these products may cause dermatitis due to either their high alkalinity.

# 4. FIRST AID MEASURES

SKIN CONTACT: Wash the affected area thoroughly with soap and water.

If irritation continues seek medical advice. Clothing contaminated with wet product should

be removed and washed thoroughly before re-use

EYE CONTACT: Wash eyes immediately with plenty of clean water for at least 15 minutes and seek medical

advice without delay

INHALATION: Move affected person to fresh air. If nose or airways become inflamed, seek medical

attention

INGESTION: If swallowing has occurred do not induce vomiting. Give person plenty of water to drink.

Seek medical attention

### 5. FIRE-FIGHTING MEASURES

These products are not flammable and will not facilitate combustion of other materials

### Exposure hazards

Do not release water contaminated with these products into surface water drains

### 6. ACCIDENTAL RELEASE MEASURES

# Personal Precautions

Avoid contact with skin eyes and clothing. Avoid breathing dust

# **MATERIAL SAFETY DATA**

weber.color classic

EDITION: 2 DATE: January 2010

#### **Environmental Precautions**

Prevent contamination of surface water. Do not allow into watercourses and drains

#### Methods for Cleaning

Recover spillages in dry state if possible. Minimise generation of airborne dust. The product can be slurried with water. Keep children away from clean-up operations. Dispose to a place authorised to accept builder's waste. Small quantities can be disposed of as normal household waste

#### 7. HANDLING AND STORAGE

### Handling

When handling bags of product, due regard should be paid to Manual Handling Operations Regulations 1992. Some bags may have a small amount of cement dust on their outer surface. Appropriate personal protection should be used whilst handling

#### Storage

Bags should be stacked in a safe and stable manner. Store in dry conditions

### 8. EXPOSURE CONTROLS / PERSONAL PROTECTION

#### **Technical Protective Measures**

Local exhaust ventilation must be enough to maintain levels below OES

### **Exposure Limits**

Occupational Exposure Standards (OESs 8 hour TWA limit):

Total inhalable dust 10 mg/m³
Total respirable dust 4 mg/ m³

### **Respiratory Protection**

Suitable respiratory protection should be worn to ensure that personal OES is not exceeded. If care is taken not to raise dust during handling the use of respirators is not normally necessary

### **Hand Protection**

Wear suitable gloves

### **Eye Protection**

Suitable goggles or face protection should be worn wherever there is a risk of powder or wet mix entering the eye

### **Skin Protection**

Wear overalls and closed footwear

## 9. PHYSICAL AND CHEMICAL PROPERTIES

Physical state: Particulate
Particle size: 1 to 200 microns
Density: 0.9-1.02 g/cm³ approx.

Solubility: Slight.

pH: 14 approx. (when mixed with water)

# **MATERIAL SAFETY DATA**

weber.color classic

EDITION: 2 DATE: January 2010

#### 10. STABILITY AND REACTIVITY

Stable under normal room temperature and conditions. Bags will set solid if continually soaked with water.

### 11. TOXICOLOGICAL INFORMATION

Eye contact: Cement is a severe eye irritant. Mild exposure can cause soreness. Gross exposures or untreated

mild exposures can lead to chemical burning or ulceration of the eye.

Skin: Cement powder or cement/water mixtures can cause irritant contact dermatitis, allergic (chromium)

dermatitis and/or burns.

Ingestion: Swallowing of small amounts of adhesive mix is unlikely to cause any significant reaction. Larger

amounts may result in irritation to the gastro-intestinal tract.

Inhalation: The powder can cause inflammation of mucous membranes

Chronic effects: Prolonged and repeated exposures, in excess of the OES may cause rhinitis and coughing and

permanent damage to the lungs (silicosis). This is a reportable disease in the U.K Skin contact

may cause allergic (chromium) dermatitis, usually through contact with the wet mix.

#### 12. ECOLOGICAL INFORMATION

The addition of this product to water will give an alkaline solution, which may be toxic to aquatic life. Do not allow into watercourses/drains

#### 13. DISPOSAL CONSIDERATIONS

Should be disposed of at a suitable landfill site, in accordance with the Control of Pollution Act 1974/ Environmental Protection Act 1990.

## 14. TRANSPORT INFORMATION

This product is not classed as hazardous for the purposes of transportation.

### 15. REGULATORY INFORMATION

Symbol: Xi, Irritant

Contains: Portland Cement, C.A.S. No. 65997-15-1.

R Phrases:

R38: Irritating to the skin

R41: Risk of serious damage to eyes

S Phrases:

S2: Keep out of the reach of children.

S20: Do not breathe dust.

S26: In case of contact with eyes, rinse immediately with plenty of water and seek medical help.

S28: After contact with skin, wash immediately with plenty of soap and water. S36/37/39: Wear suitable protective clothing, gloves and eye / face protection.

### **16. OTHER INFORMATION**

The product should be used as directed - consult specification sheet for further details. This information is given in good faith and is believed to be accurate and complete. It should be made available to all personnel using/ handling the product.

This safety sheet has been prepared in accordance with the provisions of the EC SDS Directive 91/155.
